

## MARDIE SALT AND POTASH PROJECT

### EXPRESSION OF INTEREST

**Project Overview:**

The proposed Mardie Salt & Potash Project (**Project**) is located within Australia’s major salt producing region on the West Pilbara coast. The Project is proposing to be Australia’s first to produce salt and Sulphate of Potash (**SOP**) through the evaporation of seawater.

**Figure 1 – Project Location**

**Package Title:**

Secondary Seawater, Pump Stations & Overland Pipelines

**Package Reference:**

1000-DAC-MAR002

**Package Description:**

The Scope of Work covers to provision of labour, plant and equipment, materials, management, supervision and other things necessary to carry out the design and construction of seawater distribution pumping and piping network.

**Scope Requirements:**

Contractors must design and construction of seawater distribution pumping and piping network inclusive of the following:

- supply and installation of the sea water intake pump station and transfer pump stations;
- supply and installation of 90km overland high-density polyethylene (HDPE) piping (size 110 to 630mm) capable of distributing seawater, brine and process water;
- civil works (detailed earthworks concrete slabs and footings); and
- electrical works, testing, commissioning and handover.

Exclusions from the Scope of Works:

- bulk earthworks; and
- shire approvals and permits.

**Contracting Strategy:**

The works will be “Design and Construct” contract with a Company provided commercial terms.

**Forecast Award Date:** Q3 2021

**Forecast Construction Commencement Date:** Q2 2022

**Pre-Qualification Requirements:**

Contractor is required to demonstrated similar scale of works and complexity for the stated scope and be willing to provide past project references (and if necessary, site visits to past projects) to establish market capability to carry out the works.

**Expression of Interest:**

Contractors are invited to express an interest in this scope of work by registering on the ICN Gateway online platform. Please ensure:

- The Company profile on ICN Gateway is complete, up-to-date and accurate; and
- Interest is registered as full-scope or partial-scope supplier (where applicable).

**Disclaimer:**

***This package description and target award date is indicative only and subject to change. It is intended to provide a brief outline only of certain works that may be required for the proposed Mardie Project and should be read in conjunction with the Project description on the ICN Gateway. Full scopes of work will be made available to parties invited to tender. There is no undertaking to contract or proceed to a competitive process implied by this EOI. Further contact with interested suppliers will be at BCI Minerals discretion.***
