

## MARDIE SALT AND POTASH PROJECT

### EXPRESSION OF INTEREST

**Project Overview:**

The proposed Mardie Salt & Potash Project (**Project**) is located within Australia’s major salt producing region on the West Pilbara coast. The Project is proposing to be Australia’s first to produce salt and Sulphate of Potash (**SOP**) through the evaporation of seawater.

**Figure 1 – Project Location**

**Package Title:**

Site Wide Communications

**Package Reference:**

MAR-009

**Package Description:**

The Scope of Work covers the engineering, design, specification, supply, installation, commissioning and testing necessary to deliver the Site wide Communications network for the Mardie Project.

**Specific Scope Requirements:**

Contractors wishing to be considered must be able to demonstrate their ability to complete the following tasks:

- UHF Radio infrastructure;
- Microwave and Telemetry infrastructure;
- Licenses and Approvals to operate radio communications infrastructure;
- Configuration, set up, testing and commissioning of all network systems; and
- Verification of complete end to end performance.

Exclusions from the Scope of Works:

- Upstream of the Network Boundary for the Telstra Fibre services.

**Contracting Strategy:**

The works will be “Design and Construct” contract with a Company provided commercial terms.

**Forecast Award Date:**

Q4 2021

**Forecast Construction Commencement Date:** Q1 2022

**Generic Pre-Qualification Requirements:**

Contractor is required to demonstrated similar scale of works and complexity for the stated scope and be willing to provide past project references (and if necessary, site visits to past projects) to establish market capability to carry out the works.

**Expression of Interest:**

Contractors are invited to express an interest in this scope of work by registering on the ICN Gateway online platform. Please ensure:

- The Company profile on ICN Gateway is complete, up-to-date and accurate; and
- Interest is registered as full-scope or partial-scope supplier (where applicable).

**Disclaimer:**

***This package description and target award date is indicative only and subject to change. It is intended to provide a brief outline only of certain works that may be required for proposed BCI Minerals Project and should be read in conjunction with the BCI Minerals Project description on ICN Gateway. Full scopes of work will be made available to parties invited to tender. There is no undertaking to contract or proceed to a competitive process implied by this form. Further contact with interested suppliers will be at BCI Minerals discretion.***
